Professional profile

As a young adult in full-time education, I am a driven, trustworthy and responsible person who has developed problem-solving skills through playing chess, precise attention to detail through playing football and continuously displaying signs of teamwork, passion, hard work and extraordinary time management skills. This is reflected through maintaining school, homework and extracurricular activities in perfect balance.

Skills & personal strengths

Multilingual – English, Italian, Japanese (learning)

Computer skills – Able to code in C# and fully use Microsoft Office suite and working online.

Effective listener – Being able to apply advice to any current tasks or future tasks needed for me to do

Time management – I'm able to prioritise higher risk tasks.

Trustworthy – Able to be trusted to take care of other students.

Dedication – Going to the gym and playing chess daily

Education

2023 – Present University of Huddersfield

Computer Science

2021 – 2023 Elliott Hudson College

Business Studies: D | Computer Science: C | Geography C

2016 - 2021 Ruth Gorse

Mathematics: 5 | English Lang. & Lit.: 6-5 | Italian: 7 | Combined Science: 5-4 | Other grades: 5

Additional skill

Good use of technology – Able to help others with technological difficulties

Communication and problem solving – Often, talking to people to figure out the root of their problem and trying to help solve it

Numerical skills – Applying maths to my engineering course makes sure that my ability in maths won't dull overtime.

Dedicated – Learning other programming languages by myself (HTML)

Work Experience

October 2021 – March 2022	<p>Cortex (Leeds Pavilion) Reference: Paul Hughes (Manager) Number: 07388 261230</p> <p>My role in this job was to serve food to the people that had come in and give the best service, every single time. My responsibilities varied from when I was a team leader to just a standard server. For example, as a team leader whilst serving I had to make sure that my team was delivering the food to the right customers and to do this we had to communicate efficiently to make sure that the whole process of getting the food from the kitchen and then serving it to the customers is excellent and smooth. Due to the good job that I have done as a team leader, I have become a team leader multiple times and have been complimented by my manager multiple times for the hard work me and our team has done.</p>
July 2023 – May 2024	<p>Dönar Shack Reference: James (Manager) Number: 07436875894</p> <p>My role in this job is to prepare the food for the customers, such as making kebabs, preparing the fries and frying the chicken. As the kitchen is the heart of the shop, I always made sure to keep up a high quality of food that was being served out to make sure that the customers had a wonderful and pleasant experience. In the closing stages of the business, I also made sure to keep up an excellent cleaning standard to make sure that my coworkers for the day were not hassled with dirty places in the kitchen or other areas of the shop.</p>
